## 2018 International Fuel Ethanol Workshop Technical Sessions Agenda

The 2018 International Fuel Ethanol Workshop & Expo has released its agenda featuring more than 150 speakers and four comprehensive tracks. Taking place June 11-13, 2018 in Omaha, Nebraska, the FEW provides the global ethanol industry with cutting-edge content and unparalleled networking opportunities.

This year's FEW in Omaha is expected to draw 2,000+ attendees, including ethanol producers, industry suppliers, service providers and researchers from around the world. During the course of the event speakers will discuss issues categorized into four tracks:

- Track 1: Production and Operations
- Track 2: Leadership and Financial Management
- Track 3: Coproducts and Product Diversification
- Track 4: Infrastructure and Market Development

Like last year, the Advanced Biofuels Conference is co-located with the FEW. The advanced biofuels event will feature the world of advanced biofuels – cellulosic ethanol from corn fiber, biodiesel, carbon reduction strategies, bolt-on technologies, RIN markets and more.
